

# SENECA DISTRICT KLONDIKE 2018

**January 19-21  
Camp Stambaugh**

# KLONDIKE 2018

ARE YOU TOUGHER THAN AN EAGLE SCOUT??

A completely redesigned Klondike experience awaits those brave enough to face the challenge. This is the perfect opportunity to put your skills to practice and see what your patrol is really made of at Camp Stambaugh!

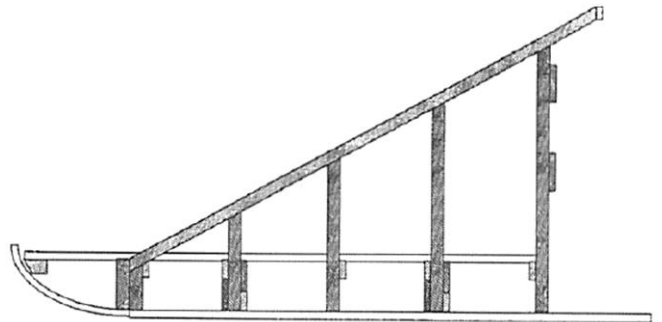

## Important things for this year:

- Please submit Troop registration at or prior to December Roundtable. We can accept updates to patrols later.
- Questions about the Klondike can be addressed to Nate Watson [Nathan.Watson@scouting.org](mailto:Nathan.Watson@scouting.org) / 330-773-0415 ext. 227
- There will be activities for Cub Scouts from 11am-3pm. Please see the Cub specific flyer for additional details.

## STANDARDIZED SLED GUIDELINES

There is no **exact** sled design that will be required, only a few specifications.

Seneca Klondike Sled Specifications	
Length	5' to 6.5'
Width	1.5' to 2'
Frame Construction	Wood (not PVC or metal)
Support Materials	Screws, Nails, Rope, Twine, Glue, Skis are all that's allowed, <b>NO WHEELS</b>
Any additional support materials and accessories can be used as well provided that above requirements are met. <b>Most of all, have fun and be creative!</b>	

**\*\* Patrols without appropriate sleds will still be able to participate, but may miss points in sled inspection and in the Saturday afternoon competition. Appropriate sleds will support the full weight of your heaviest scout all weekend long! A sturdy sled is a necessity for a successful weekend.\*\***

## Patrol Needs

It is essential for all patrol sleds to contain each of the following items to fairly compete in the events, and to be prepared for the winter weather and whatever may come up during Klondike.

**\*Scouts should review basic and winter first aid prior, need for demonstrating basic pioneering skills, fire building and cooking skills (note: boiling an egg is not an event this year), Scout Spirit and patrol mentality is required!**

**1. Patrol Sleds:** Sled must follow basic construction guidelines, but may then contain whatever you want to add to them. Just remember whatever you add, you carry with you all day. Have fun, it's your sled! Just remember...STURDY, STURDY, STURDY!!

**2. Sleds must have on them the following gear, stored in a container, quickly accessible:**

Pencils

Pocket Knives

Boy Scout Handbook

Watch

Orienteering Compass

100' of cord (3/8" Diameter Minimum)

Rope (for lashing, separate from cord above)

Staves (for lashing / shelter building)

Patrol Flag

First Aid Kit

Shelter material

Cooking pot with utensils

Blanket

Tarp

Camp Map (received at registration)

Fire building materials (no treated wood/materials or otherwise tampered with)

Water for each patrol member

**3. Scouts must have: \*\*Scouts/Leaders without proper equipment will be sent home at the discretion of the Klondike Staff.**

Proper Winter Clothing

Gloves

Head Covering

Boots or other winter foot gear (NO tennis shoes)

Water Bottle
